

“We believe God, as a higher power, has created us individually in His image exactly how he believes we should be from the time of conception, including our bodies function and ability to fight against disease. The immune system is included in this wonderful and superb creation. We believe it is against God’s will to repent against Him and disgrace His creation by violating this gift through immunization or use of any substance that could alter the state into which we were born. He has provided us with promises of protection and it would be going against our faith in His promise and our scriptural belief by receiving further immunizations.”

“Don’t you know that you yourselves are God’s temple and that God’s Spirit lives in you? If anyone destroys God’s temple, God will destroy him; for God’s temple is sacred, and you are that temple.”
(1 Corinthians 3:16-17)

“On hearing this, Jesus said to them, ‘It is not the healthy who need a doctor, but the sick. I have not come to call righteous, but sinners.’”
(Mark 2:17)

“So that your faith might not rest on men’s wisdom, but on God’s power.”
(1 Corinthians 2:5)
